OUR REPRESENTATIVE.

It is of great importance to the citizens of this State that good men be elected to the next assembly, and the people are to blame if they make poor selections. The last Legislature has left a very unsavory record and with its memories so recent in our minds, the voters are culpable if they do not send better men, men who understand what they are elected for and are sensible of the interests of their constituents and the advancement of the State.

Let us not support a man because he wants the place unless he has the proper qualification and realizes that he is to be the representative of Marion County and not himself alone, intelligent progressive and broad-minded enough to advocate liberal measures for all the people, not a hide bound politician to take orders from others, but able to think, act and investigate for himself.

It is not necessary that he should be a flowery orator but a man of sense, who realizes what he is sent there for.

That reforms are needed is generally conceded, and the progress of the State is hampered with hindrances which ought to be removed. The expense of running the State is too great. There are too many laws, many of which are inoperative, and other kindred matters. The next Legislature can be of great service to the State if good men are elected, and as the County of Marion elects one by itself let us see that Marion is amply represented.

THE feeble attempts of some people to defend Bob Taylor, excite our sympathy. Why did not Bob Taylor put himself on record, while in office, as against those iniquitous laws for which the people now hold him to blame. His very act of assenting to what he had a chance to see was wrong, holds him culpable. His whine about the back tax outrages only shows what a colossal fraud he is. He cannot criticize what he did in office but he can whine about it.

DAVID is reported to have said "all men are liars" but possibly it was written during the election canvass. At the present time and up to Nov. 3, the country will be flooded with absurdities many of which are childish, some mean, others wicked, but generally have but little effect. It is singular, however, that the papers having the least circulation out Herod Herod.

The people of Tennessee have to help keep up the convicts by their taxes, while the convicts are worked in competition with free coal miners and the farmers must give four days' work to the roads that ought to be worked by convicts.—South Pittsburg Republican.

Time and again we have laid this down as a fundamental doctrine that the convict should be employed on the roads. It is a sad state of affairs, for the miners at least, and we, who are obliged to keep up to this system so objectionable to free labor, have no other alternative but to put up with it as best we may and watch a chance to annihilate it.

You can never develop the South by keeping money out of it. Since the present system of finance began, money has gradually become scarcer and scarcer, and nothing has been done in the way of development. If any enterprise has been set on foot, it has been starved in the beginning from lack of funds. Give us more money and let us progress.

A Chance to Make Money.

I have made \$1,640 clear money in 87 days and attended to my household duties besides, and I think this is doing splendid for a woman inexperienced in business. Anyone can sell what everyone wants to buy, and every family wants a Dish Washer. I don't canvass at all; people come or send for the washer, and every washer that goes out sells two or three more, as they do the work to perfection. You can wash and dry the dishes in two minutes. I am going to devote my whole time to this business now and I am sure I can clear \$5,000 a year. My sister and brother have started in the business and are doing splendid. You can get complete instructions and hundreds of testimonials by addressing the Iron City Dish Washer Co., Station A; Pittsburg, Pa., and if you don't make lots of money it's your own fault.

A WARNING DREAM.

THE OTHER night after being lulled to slumber by the melodious tinkle of a hundred cow bells and the sweet yet soft symphony of a hound pup that was pouring forth his soul in a serenade to the moon, I had a most vivid and unpleasant dream. I thought I strayed into the church-yard and there plainly carved upon a rough stone slab, I saw my own name. Beneath it in rude letters was the following inscription:

"Pause, stranger, pause and drop a tear,
He trusted all creation,
And now, poor man, he slumbers here,
A victim of starvation."

I awoke, bathed in cold perspiration, and murmured fervently to myself, "Thank Heaven, 'twas but a dream!"

But my dream awakened a train of thought, which has resulted in a change of business methods. I find that some of my competitors have been underselling me for the reason that they

School Closed.

The public school at Whitwell closed its term on Friday last. We visited it on Wednesday, Sept. 30, and were quite pleased to hear the intelligent recital of some of the classes. Since the school has opened, there has been an average attendance of 150, which is a large number to be cared for by three teachers. Prof. Ashburn is to be congratulated upon having a successful school. The fall term, a subscription school, opens Oct. 12, with the same teachers and it is not necessary for us to advise parents to continue their children's tuition. With the advantages of good teachers, the people of Whitwell and vicinity have an opportunity which we believe they will not fail to appreciate.

Save The Children.

When children are attacked with cough, cold and croup, Dr. Bull's Cough Syrup will prove a quick and sure cure. Mr. Elmer E. Baker, Blandon, Pa., writes: "We have used Dr. Bull's Cough Syrup for cough, cold and croup, and found it the best cough medicine and cure for these affections. We never run out of it, but always keep it on hand." Dr. Bull's Cough Syrup is sold everywhere for 25 cents. Insist on having it.

We thank Mr. T. N. Graham, photographer, for a copy of the picture of the scholars of the Whitwell school.

That Wonderful Churn.

I want to add my testimony to the list of those that have used the Lightning churn. It does all that is claimed for it, you can easily churn in one minute and get a larger percentage of butter than with the common churns. I never took the agency for anything before but so many of my neighbors wanted churns that I ordered 30 and they are all gone. I think in a year every farmer will have a Lightning Churn. In fact they can't afford to be without one as they make so much more butter, and a good bit of money can be made in every township selling these churns. By writing to J. F. Casey & Co., St. Louis, Mo., you can get circulars and full information about the churn. A READER:

While in Whitwell last week we were shown a huge hog, the property of host Graham of the Whitwell House. It weighs now about 300.

ONE GIVES RELIEF.

The New Hook Spoon Free to All.

I read in the Christian Standard that Miss A. M. Fritz, Station A, St. Louis, Mo., would give an elegant plated hook spoon to anyone sending her ten 2-cent stamps. I sent for one and found it so useful that I showed it to my friends, and made 13.00 in two hours, taking orders for the spoon. The hook spoon is a household necessity. It cannot slip into the dish or cooking vessel, being held in the place by a hook on the back. The spoon is something that housekeepers have needed ever since spoons were first invented. Anyone can get a sample spoon by sending ten 2-cent stamps to Miss Fritz. This is a splendid way to make money around home.

Very truly, Jeannette S. S. 131
